Profile

Employment History

Call Agent - from 01.08.2018 to 31.07.2021
Shoelando

I provided assistance and technical support to the custormers in a friendly and polite manner

Junior Developer - from 01.08.2021 to 31.07.2023
SmartUp Software

I provided assistance to support continuous improvement throughout the development life cycle of computer applications and wrote basic code, maintain applications, address bugs, and deploy app enhancements.

Education

M.Sc. Machine Learning - from 01.09.2015 to 30.06.2018
University of Nottingham

I learned how to identify and use relevant computational tools and programming techniques, apply statistical and physical principles to break down algorithms, and explain how they work.

B.Sc. Computer Science - from 01.09.2012 to 30.06.2015
University of Manchester

The course focused on the study of computer systems and software development: it provided me with a solid foundation in computer science principles, as well as practical skills in programming, data structures, algorithms, and software engineering.
